# A little about us...

Sussex is a 5-piece, vocal heavy popular rock and dance band that has been gracing Ottawa stages since 2013. We bring the best possible experience to our fans with tight 3-part harmonies, keys, two lead guitarists, a super tight rhythm section and arguably one of the best lead vocalists in town!

In the last few years, we have made a huge investment into digital emulation instruments and In-Ear Monitors (IEM's). With this, we can control the ambient volume, thus creating a better listening experience for the patron's. By eliminating the use of traditional amplifiers and drums, we can set up fast, sound great and help avoid ringing ears at the end of the night!
